ADMISSION OPEN

MDA ROYAL INTERNATIONAL SCHOOL

Affiliated to the central board of secondary education Examinations (CBSE), New Delhi

AIMS AND OBJECTIVES OF ACADEMICS

(Good Citizenship and Moral Character)

MDA Foundation's MDA Royal International School of Excellence aims at providing sound, modern education to young boys and girls which is designed to help them face the challenges of the 21st century. To that end, a healthy, clean and congenial atmosphere is provided within the school campus in which students get every possible opportunity for mental, moral and physical growth. The school strives to generate the idea of good citizenship, disciplined life and good moral character, thereby, cultivating a sense of patriotism.

The academic session begins in early April and ends with the final examinations in March of the following year. There are two terms, one from April to September and the other from October to March.

Examinations & Promotion

esides regular internal assessments throughout the year, the following examinations are conducted during the school year:

- 1) 1st Unit test in the month of May.
- 2) Half yearly exam in the month of September.
- 3) 2nd Unit test in the month of November.
- 4) Final exams in the month of March.

Students are promoted to the next class on the basis of their performance in the examinations and their internal assessments based on regular classwork and assignments.

A student is required to achieve a minimum of 33% in each subject and it is mandatory to pass in English.

Parents and guardians are expected to ensure that their wards produce good work throughout the year and get it checked by their teachers regularly.

A minimum attendance of 75% is also compulsory for the child to be promoted to the next class.

ACADEMIC SESSION

ACADEMICS

(From Class Nursery to 12th)

MDA FOUNDATION'S MDA ROYAL INTERNATIONAL SCHOOL

Affiliated to the central board of secondary
education Examinations (CBSE), New Delhi

The school prepares students for the CBSE AISSCE (All India Secondary School Examination) class 10th and 12th examinations of the Council. Although, Hindi is the medium of instruction throughout from Nursery to Class 12, English holds a place of very high importance in the curriculum and every effort is made to ensure that each student reaches a high standard in the language. A wide range of subjects is offered in the higher classes and student may join science or commerce streams is a compulsory subject.

MDA Royal International School has a highly qualified, experienced and dedicated teaching faculty. The school takes on the responsibility of remedial classes for weak students and therefore, outside tuition during the term is discouraged. Each child receives individual attention and is encouraged to approach the teachers for help with problems both in and outside of class.

EXAMINATIONS & PROMOTION

Besides regular internal assessments throughout the year, the following examinations are conducted during the school year:

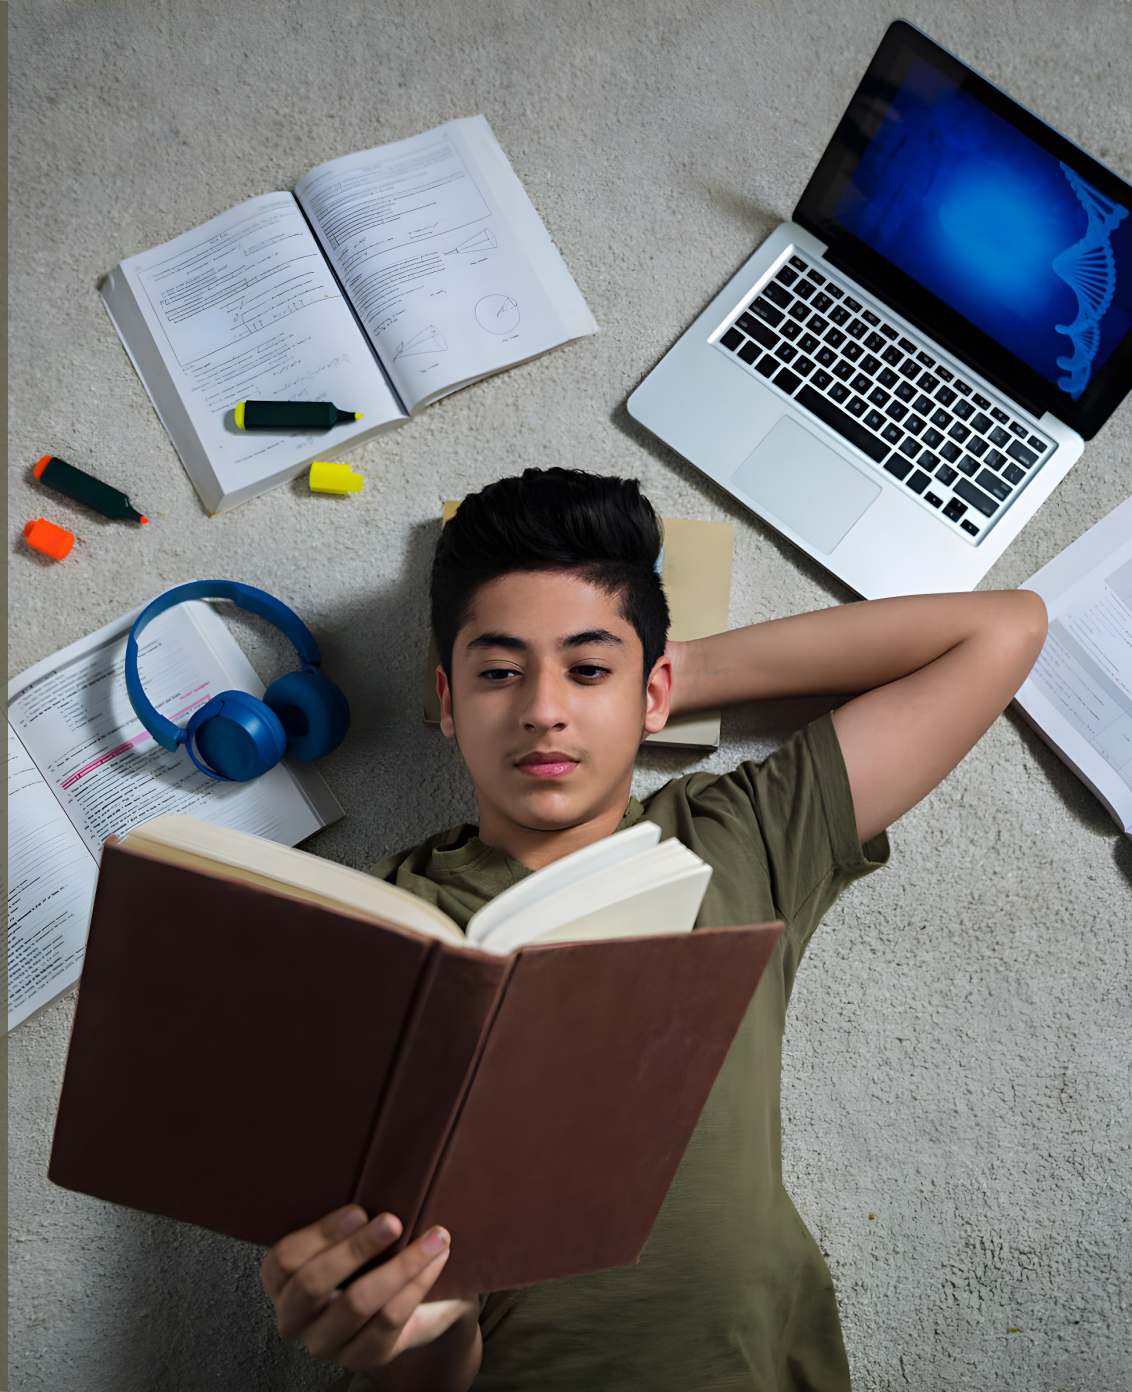

- 1) 1st Unit test in the month of May.
- 2) Half yearly exam in the month of September.
- 3) 2nd Unit test in the month of November.
- 4) Final exams in the month of March.

Students are promoted to the next class on the basis of their performance in the examinations and their internal assessments based on regular class work and assignments.

A student is required to achieve a minimum of 33% in each subject and it is mandatory to pass in English.

Parents and guardians are expected to ensure that their wards produce good work throughout the year and get it checked by their teachers regularly.

A minimum attendance of 75% is also compulsory for the child to be promoted to the next class.

PARENT-TEACHER MEETINGS

Parent-Teacher meetings usually take place every second month to update parents on the progress of their ward.

DIGITAL CLASSROOM

In today's competitive world, children need the skill sets, which are beyond subject knowledge and require concentration assimilation and retention. In this regard the role of smart classes is quite important.

We feel that it is essential for all students to be computer literate in this digital world and students benefit from smart & Digital classes from a very young age.

At MDA School its importance is manifested with the installation of Digital Bord, our school has fully digitized Every individual classroom, Each class has all in one smart board with suitable size of 65". Every teacher uses various tools of E learnings for better understanding of students.

Our Smart classes comprise the use of all interactive modules like videos and presentations which are appealing to students In fact our smart classes are almost like watching movies and sometimes, animated visuals are used to teach a concept. This kind of visual is eye-catching and our young students easily relate with them. Watching highly engaging visuals and animations makes learning enjoyable for students while improving their overall academic performance in school.

Our classrooms are equipped with the all in one computer and audio- visual equipment.

SCIENCE LAB

The MDA ROYAL International school is, The MDA school has an extensive and boasts a spacious Well-equipped Science (Physics, Chemistry, Biology) laboratories which provide excellent facilities as we as provides an experimental foundation for the concepts introduced. Students enhance their learning by doing varied experiments which kindles their interest visually and kinesthetically.

It also deviates them from rote learning and enriches their thinking ability and drawing skills. It enables the learners to familiarize themselves with experimental apparatus, scientific methods applied, and to make careful observations and draw conclusions in relation to the experiment.

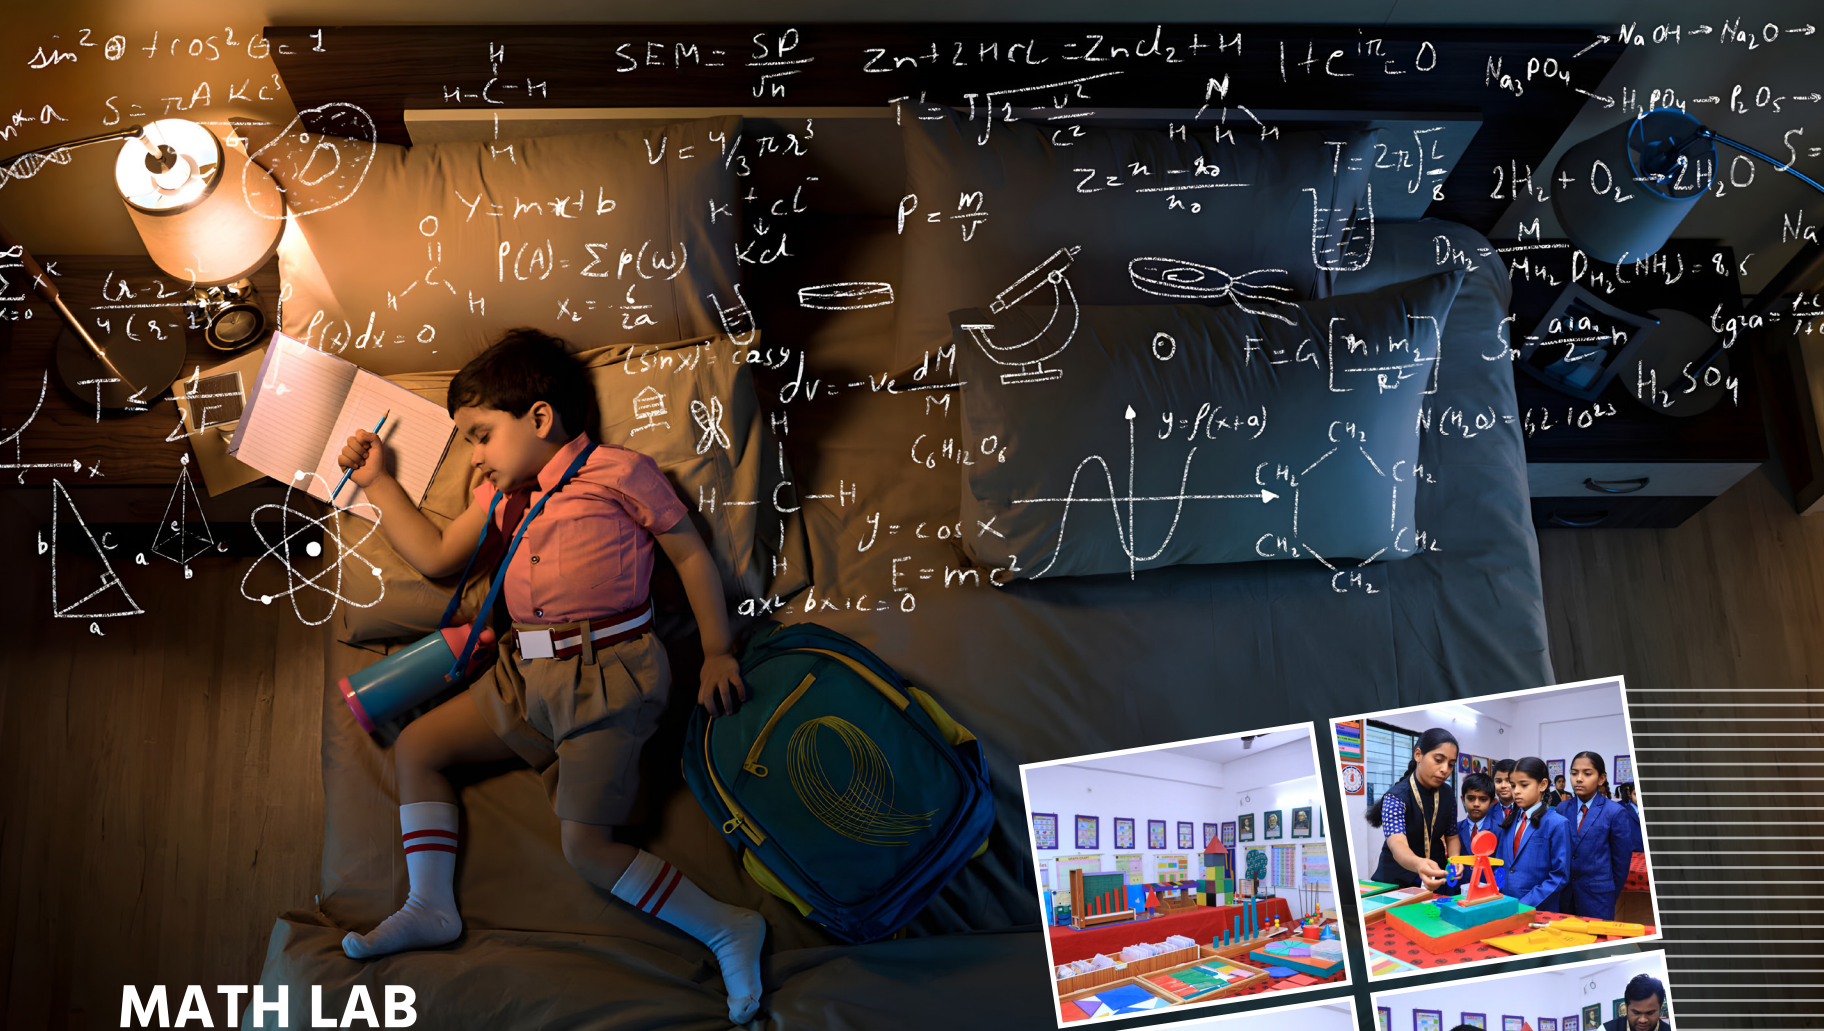

COMPUTER LAB

The School has two computer labs , Each lab has 55 + computers with high-speed broadband connectivity and audio-visual facilities.

All computers have the required configuration and software to support children's learning and the effective delivery of the curriculum.

The computer labs provide individual workstation for children. Every child will get proper access of the computers for completion of his / her practice.

MATH LAB

Math Lab provides opportunity for children to enjoy Mathematics, understand its basic structure, pose and solve meaningful problems. It enables the student to learn Mathematics with the help of concrete objects and to exhibit its relatedness with everyday life.

SPORTS

the school engages the expertise of skilled coaches ensure to the all over development of student, The physical classes Inclusion of games in our curriculum of studies is very important for the physical & well-being and development of our students in kabaddi, kho-kho, Shot put (Gola Fek), Discus throw (Thali Fek), Cricket, Football, Volleyball, Table Tennis.
